

APPENDIX

**Application for Certificate of Authorization from KRG for development projects in Category II and III Lands
Land Use Activities In The Kativik Region
Certificate of Authorization – Application Form**

Depending on type of activity planned, please fill out only ONE of the three forms for Appendix E

1. MINING

Name of project: _____

Area: _____

Category of Land : Category I Category II Category III

Latitude: _____ Longitude: _____

Map: _____

Activities will take place from: _____ to _____

Business name: _____

Address: _____

Telephone: [][][][]-[][][][]- [][][][][] Fax: [][][][] [][][][]-[][][][][]

Name of owner: _____

Name of applicant: _____

Address: _____

Telephone: [][][][] [][][][]-[][][][] Fax: [][][][] [][][][]-[][][][][]

Name of owner of title rights (mining claims, PEM) _____

Address: _____

Telephone: [][][][] [][][][]-[][][][] Fax: [][][][] [][][][]-[][][][][]

Construction year: _____

Minimum distance of the ground facilities from the water source: _____ metres

Location of supply source of drinking water: _____

Treatment of drinking water: _____

Location of waste water disposal site: _____

Treatment of waste water: _____

Location of solid waste disposal: _____

Treatment of solid waste: _____

Location of gas and oil storage: _____

Reservoir capacity or number of barrels of gas and oil : _____

Description of the ground (sand, rock, permafrost, vegetation, etc.)

What means of transportation (truck, helicopter, plane or floatplane, boat, ATV) will be used for:

access to the site: _____

access on the site: _____

Communication system:

HF Radio Frequency: _____

Satellite telephone Phone number: _____

How do you expect to clean up the site once the activity is over (solid waste, oil)?

What ground infrastructures will remain on site?

What services, equipment or human resources from the region will be used?

Required documents:

- A. Articles of incorporation, patent letters, or business name registration.
- B. Copy of company resolution permitting this request for a certificate of authorization to be made and permitting the person who has signed below to act on behalf of the company.
- C. Map of the location of the claims (scale: 1/1 000 000, 1/250 000 or 1/50 000).
- D. Map of the location of the project at an appropriate scale (1/250 000 or 1/50 000) showing camp area and area of activity according to MRN lease and mining exploration permit.
- E. Sketch showing all camps (main and accessory buildings), facilities (waste disposal...), ground infrastructures (dock, pad, existing or proposed roads and buildings) and surrounding area (lake, swamp, erosion, archeological sites) at an appropriate scale (1/2 000, 1/1 000 or 1/500).
- F. Consent of the land owners agreeing to the activity (*Resolution from Landholding Corporation if Category I lands or Lease with Natural Resources Dept*).
- G. All permits or licenses you have on hand concerning this project (Mining exploration permits or claims).

In accordance with the Kativik Regional Government (KRG) Resolution No. 97-06 (attached), the signing of this request form by an authorized company representative constitutes an undertaking to the effect that if the certificate of authorization is issued by the KRG, the company will, at its own expense, arrange for a KRG representative to inspect the camp before any temporary or permanent cessation of activities. The company undertakes to contact the KRG at least two weeks prior to stopping activities in order to schedule the inspection camp.

Name in print (*authorized representative*) _____

Signature _____ Date: _____

All documents are to be returned to:

Certificate of Authorization – Application Form**

Depending on type of activity planned, please fill out only ONE of the three forms for Appendix E

2. OUTFITTING

- Request for:
- new permit
 - new camp site
 - waste water treatment system
 - other: _____
 - permit renewal
 - drinking water system
 - solid waste disposal

Name of area: _____

Category of Land : Category I Category II Category III

Latitude: _____ Longitude: _____

Map: _____

For how long have you been using this site? _____

Business name: _____

Address: _____

Telephone: [][][][] [][][][]-[][][][][] Fax: [][][][] [][][][]-[][][][][]

Name of owner: _____

Name of applicant: _____

Address: _____

Telephone: [][][][] [][][][]-[][][][][] Fax: [][][][] [][][][]-[][][][][]

Description of activities:

What are the main species that will be hunted / fished?

From _____ To _____

Other activities that will be offered: _____

How many buildings or tent frames will be set up?

Permanent: _____ Temporary: _____

What other ground installations will be built (airstrip, pad, road, dock, other)?

Construction year: _____

Minimum distance of the ground facilities from the water source: _____ metres

Location of supply source of drinking water: _____

Treatment of drinking water: _____

Location of waste water disposal site: _____

Treatment of waste water: _____

Location of solid waste disposal: _____

Treatment of solid waste: _____

Location of gas and oil storage: _____

Reservoir capacity or number of barrels of gas and oil : _____

Description of the ground (sand, rock, permafrost, vegetation, etc.)

What means of transportation (truck, helicopter, plane or floatplane, boat, ATV) will be used for:

access to the site: _____

access on the site: _____

Communication system:

HF Radio Frequency: _____

Satellite telephone Phone number: _____

How do you expect to clean up the site once the activity is over (solid waste, oil)?

What ground infrastructures will remain on site?

What services, equipment or human resources from the region will be used?

Required documents:

- A. Articles of incorporation, patent letters, or business name registration.
- B. Copy of company resolution permitting this request for a certificate of authorization to be made and permitting the person who has signed below to act on behalf of the company.
- C. Map of the location of the project at an appropriate scale (1/250 000 or 1/50 000) showing camp area and area of activity according to MRN lease and MEQ authorization.
- D. Sketch showing all camps (main and accessory buildings), facilities (waste disposal...), ground infrastructures (dock, pad, existing or proposed roads and buildings) and surrounding area (lake, swamp, erosion, archeological sites) at an appropriate scale (1/2 000, 1/1 000 or 1/500).
- E. Consent of the land owners agreeing to the activity (*Resolution from Landholding Corporation if Category I lands or Lease with Natural Resources Dept*).
- F. FAPAQ Agreement in principle.
- G. All permits or licenses you have on hand concerning this project.
- H. Resolution from Hunting, Fishing and Trapping Coordinating Committee.

Name in print (*authorized representative*) _____

Telephone: [][][][] [][][][]-[][][][][] Fax: [][][][] [][][][]-[][][][][]

Description of activities:

What kind of work will be done, what kind of activities will take place and when?

Activities will take place from _____ to _____

Describe briefly the nature of the project and its location. Justify.

Present the different options considered with respect to project's location (advantages and disadvantages of each option as well as their expected impacts and show location on map):

Project phases and schedule (feasibility study, construction year, operation, etc.):

Number of people on site: _____

How many buildings or tent frames will be set up?

Permanent: _____ Temporary: _____

What other ground installations will be built (airstrip, pad, road, dock, other)?

Construction year : _____

Proposed uses of land and buildings: _____

Minimum distance of the ground facilities from the water source: _____ metres

Location of supply source of drinking water: _____

Treatment of drinking water: _____

Location of waste water disposal site: _____

Treatment of waste water: _____

Location of solid waste disposal: _____

Treatment of solid waste: _____

Location of gas and oil storage: _____

Reservoir capacity or number of barrels of gas and oil : _____

Description of the ground (sand, rock, permafrost, vegetation, etc.)

What means of transportation (truck, helicopter, plane or floatplane, boat, ATV) will be used for:

access to the site: _____

access on the site: _____

Communication system:

HF Radio Frequency: _____

Satellite telephone Phone number: _____

How do you expect to clean up the site once the activity is over (solid waste, oil)?

What ground infrastructures will remain on site?

What services, equipment or human resources from the region will be used?

Required documents

- A. Articles of incorporation, patent letters, or business name registration.
- B. Copy of company resolution permitting this request for a certificate of authorization to be made and permitting the person who has signed below to act on behalf of the company.
- C. Map of the location of the project at an appropriate scale (1/250 000 or 1/50 000) showing camp area and area of activity according to MRN lease and MEQ authorization.
- D. Site plan at an appropriate scale (1/2 000, 1/1 000 or 1/500) showing:
 - natural and human specific components (topography, vegetation, description of the ground, erosion, potentials/constraints, archeological sites, etc.);
 - lot area and dimensions (square meters); proposed uses of land
 - adjacent existing and adjacent proposed road network;
 - existing and proposed buildings in the area;
 - all camps (main and accessory buildings and proposed uses; building area and dimensions, number of floors and stories); dimension of side, front and back yards, setback;
 - facilities (wastes disposal, supply source, wastewater disposal, gas and oil storage, etc.);
 - ground infrastructures (dock, pad, existing or proposed roads and buildings).
- E. Division or subdivision plans.
- F. Consent of the land owners agreeing to the activity (*Resolution from Landholding Corporation if Category I lands or Lease with Natural Resources Dept*).
- G. All permits or licenses you have on hand concerning this project.
