

On June 19 2011, 458 youth attended [the Inukjuak bike rally](#) along with their parents, Innalik school teachers and other members from the community. Planned by the KRPF, this rally consisted of a safety speech in both English and Inuktitut followed by a raffle where a total of 44 bicycles, four scooters and two miniature police cars were given away. There was also a parade and a BBQ lunch to close the event. Many partners were involved in making this event a success and we want to thank them. Kuujjuaq will also be holding its own bike rally on July 8.
